On September 26, 2014, 43 students from the Ayotzinapa Rural Teachers' College in Mexico were forcibly disappeared by corrupt police and government officials. The case has become a symbol of the ongoing crisis of impunity and human rights violations in Mexico.

This book tells the story of the 43 disappeared students through visual ephemera collected in the streets of Oaxaca, Mexico. The ephemera includes posters, flyers, stickers, and other items that were created and distributed by activists and family members of the students. These items provide a glimpse into the struggle for justice and accountability in the Ayotzinapa case.

The book is divided into three sections. The first section provides an overview of the Ayotzinapa case. The second section presents the visual

ephemera that was collected in Oaxaca. The third section discusses the significance of the ephemera and its role in the fight for justice.

The book is a powerful indictment of the Mexican government's failure to protect its citizens. It is also a tribute to the courage and determination of the activists and family members who have fought for justice for the 43 disappeared students.
