Readers embark on a journey into the ethical dilemmas, moral complexities, and personal sacrifices faced by those who work in the shadows to protect their nations. The book raises questions about the balance between security and privacy, the limits of intelligence gathering, and the responsibilities of intelligence leaders in the digital age.

# ETHICAL ISSUES

## DEFINITION

An ethical issue arises when a situation demands moral principles to be considered, evaluated, and applied to determine the right course of action. It often involves choosing between competing values or priorities, where the decision can impact individuals or society.

## EXAMPLE

Internet Censorship: Censorship can protect individuals from harmful content, but it also risks infringing upon freedom of speech and freedom to access information. The question becomes who should control this and how far it should go to prevent misleading information.
