Immerse Yourself in the Diary of a Modern-Day Witch

The Mirror and Moon Spell

Seeing the Moon through glass is, according to tradition, bad luck and will reverse any magic being made. But casting an image of Lady Moon on a mirror weaves its own magic - magic that can be used to attract money.

You will need:
A drill
A gold-colored coin
An eight-sided mirror

On a night when the Moon is full, drill a hole in the coin and position the mirror so that you catch her image on it. Hold the coin up so that the Moon's light shines through the hole, watching the gold rays cast by the coin merge with the silver rays of the moon, and as you focus on this, say:

Lady Moon, I ask this hour
for money on me to shower.
I ask for silver and for gold
Before your bounty grows cold.
As I said, so be it!

The collage includes a full moon in the top left, a gold coin, a black witch hat, and an ornate mirror. The background is a textured, greyish surface with faint, repeating text 'library.aoadloma.com'.
