### Benefits of Making Your Own Mustache Wax and Beard Oil

There are several benefits to making your own mustache wax and beard oil, including:

- **It's cheaper than buying commercial products.** Commercial mustache wax and beard oil can be expensive, especially if you use them regularly. By making your own, you can save money without sacrificing quality.

- **You can customize your products to your own needs.** Commercial mustache wax and beard oil often contain ingredients that you may not want or need. By making your own, you can choose the ingredients that are right for you and your skin.
- **You can make your products as natural as you want.** Commercial mustache wax and beard oil often contain harsh chemicals and preservatives. By making your own, you can use all-natural ingredients that are gentle on your skin.

## What You'll Need

To make your own mustache wax and beard oil, you will need the following ingredients and equipment:

- **For mustache wax:**
  - 1/2 cup beeswax
  - 1/4 cup coconut oil
  - 1/4 cup olive oil
  - Essential oils (optional)
- **For beard oil:**
  - 1/2 cup carrier oil (such as jojoba oil, argan oil, or almond oil)
  - 10-15 drops of essential oils (such as cedarwood, sandalwood, or rosemary)
- Double boiler
- Small glass jars or containers

- Wooden spoon or spatula

## **Instructions**

### **How to Make Mustache Wax**

1. Combine the beeswax, coconut oil, and olive oil in a double boiler over medium heat.
2. Stir constantly until the beeswax has melted and the mixture is smooth.
3. Remove from heat and add essential oils, if desired.
4. Pour the mixture into small glass jars or containers and allow to cool completely.

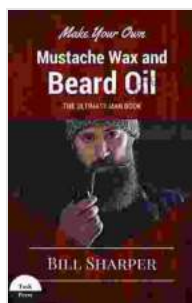

### **How to Make Beard Oil**

1. Combine the carrier oil and essential oils in a small glass jar or container.
2. Shake well to combine.
3. Apply to beard as needed.

## **Tips**

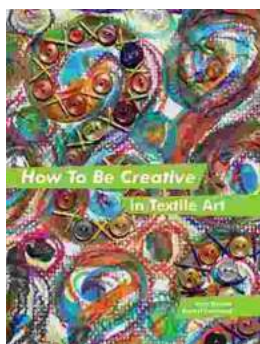

- You can customize your mustache wax and beard oil to your own liking by adding different essential oils.
