## By Bernie Sanders

In his new book, *Our Revolution: A Future to Believe In*, Bernie Sanders offers a powerful and inspiring vision for a better America. Drawing on his decades of experience in politics and activism, Sanders argues that we can create a more just and equitable society if we stand together and fight for our shared values.

Sanders begins by laying out the challenges facing our country today. He points to the growing gap between the rich and the poor, the rising cost of healthcare and education, and the threat of climate change. He argues that these problems are not inevitable, but rather the result of a rigged system that favors the wealthy and powerful.

Sanders then offers a bold agenda for change. He calls for a Medicare-for-All healthcare system, free public college tuition, a \$15 minimum wage, and a Green New Deal to address climate change. He also proposes breaking up large corporations, reforming our campaign finance system, and making it easier for people to vote.

Sanders' vision is ambitious, but it is also achievable. He believes that if we work together, we can create a future where everyone has a fair shot at success. *Our Revolution* is a call to action for all those who believe in a better America.
